

Name: \_\_\_\_\_

Per: \_\_\_\_\_

**Unit 8**                      **Types of reactions and Balancing practice**

For each of the following equations, balance the equation and then classify the reaction as:

**Helpful Hint:** Think of H<sub>2</sub>O as HOH to figure out the reaction type

C—combustion	DR—double replacement	SR—single replacement	S—synthesis	D—decomposition
--------------	-----------------------	-----------------------	-------------	-----------------
